

SCAM WARNING

Mortgage scams

Action Fraud has received 538 reports in two weeks relating to fake emails purporting to be from mortgage lenders. The emails claim to offer limited-time deals to low rate mortgages. The links in the emails lead to malicious websites designed to steal personal and financial information.

If you have any doubts about a message, contact the organisation directly. **Don't** use the numbers or address in the message - use the details from their official website. Your bank (or any other official source) will never ask you to supply personal information via email.
