

## VSO REQUIREMENT CHART FOR VEHICLES.2012

- The term “Road Legal” means where applicable the vehicle has a current MOT or Plating, where an MOT is not required (ie agricultural tractor) the vehicle must have adequate Tyres, brakes, lights etc and be in a good road condition. Construction and Use Regulations are the base standard to which all towing vehicles and carts should be constructed. A VSO only allows exemptions to these regulations under certain conditions as shown below. In all other cases unless stated other wise these Regulations will apply.
