NOTE: A single hate incident may have more than 1 hate element attributed to it OR a hate type may not be

Pie Chart to show the proportion of each Hate Crime type for the most recent Quarter (Jan-March 2016/17)

The under-reporting of hate crime is an issue nationally and Avon and Somerset Constabulary has worked hard with our partners to increase confidence in reporting. This is supported by our efforts to improve our identification and recording of hate crime. It means that the increase in reported hate crime should be seen in the context of an improved understanding of the hate crime that occurs and of enabling us to ensure that those reports are taken seriously and the victims receive the support they need.
